Music in general! First time face 2 face after zoom mass. Requiem has been amazing every time. Zoom mass, while less fulfilling than face to face, was well done.

I just appreciated being in the church with other believers
good sermons, music & liturgy
Zoom Church was engaging -
love the reflection in daily prayer

High Points of Parish Life:

1) finding St Clement's zoom Eucharist in April, 2020 as I felt myself beginning to feel very lost from my 33-year-previous-church-home, which had disbanded us "music ministers" except for 8 people & offered only watching services online. The interactive and welcoming St Clement's zoom quickly became a lifeline.

2) having a real & active part in the liturgy through music - singing in choir is how I worship, since age 7; access to making music with Philip, John & now choir colleagues is what is feeding my soul and what will keep me here at St C from now on 😊

Most Alive since coming here:

Our Faure Requiem, presented for All Souls/All Saints Nov 7. Singing that great piece of sacred music and all the inspiration from Philip's words about it, to the musicians before service... we were all 150% "IN" on that event and I will never forget it.
